

# Recycle Your Old **LEGOs**<sup>®</sup> Week!

**SAT. JULY 24 – SAT. JULY 31**

at the Reading Public Museum

**Bring a one gallon (recycable!) bag of old  
LEGOs and receive \$1 off a child's admission**

**Why Donate?** Help foster children's creativity by recycling your old LEGO<sup>®</sup>s! You bring them, and we ship them. Bricks that don't meet the LEGO<sup>®</sup> standard to be donated, aren't just thrown away. They can sometimes be made into new pieces. Pieces that can't be reused in molding help generate power in LEGO<sup>®</sup> facilities.

*You may bring multiple 1 gallon bags. You may also pick up a bag at The Museum's admission desk to put your LEGOs in, beginning the day of the first donation day on July 24. 1 bag per child admission. You may only receive \$1 off admission no matter how many bags you donate.*

**For more info visit [readingpublicmuseum.org/lego-recycle](http://readingpublicmuseum.org/lego-recycle)**

*Be sure to visit Brick City  
when you donate!*
